Wingbeat Insulator Jacket

Kr. 56,000

GU434T2028

08B3
Veil Avayde

S M L XL XXL 3XL 4XL

Description

The Wingbeat Insulator Jacket is designed for waterfowl hunting where durable gear and protections from the elements are key. This jacket is made of GORE-TEX Infinium™ Windstopper® meaning it's 100% windproof, water resistant and breathable.

Water repellent and 100% windproof jacket thanks to the use of GORE-TEX Infinium™ Windstopper®. The jacket is extremely breathable allowing water to evaporate. To make this jacket even more comfortable GORE-TEX Stretch inserts under the arms provide greater mobility. The jacket is reinforced in the arms and shoulders with an elastic abrasion resistant insert to improve the ruggedness and durability. To provide warmth the jacket is insulated with PrimaLoft® Silver. This jacket is available in Veil Avayde™, an advanced Waterfowl Concealment Camo designed for reeds and marshes.

Materials and technologies

100% PES

GORE-TEX Infinium™ / PrimaLoft®
